1. Introduction

In 2021, the University of Melbourne Student Union (**UMSU**) engaged OGL Group to conduct their Annual Elections.

Gavin Ryan was the Returning Officer for the 2021 Annual General Elections and is the author of this report.

This report sets out the process by which the elections were undertaken, specifically highlighting areas that required attention by the Returning Officer and electoral participants. An overview of the results is provided, emphasising trends and other observations. The key issues and other areas of concern experienced in the election are discussed in detail. Finally, a set of recommendations are provided to UMSU as suggestions by which the electoral process can be improved.

2. Process

In 2021, the UMSU Student Council amended its Constitution and passed and secured an updated set of Election Regulations (**Regulations**) that governed the conduct of these elections. This allowed the elections to be held online to ensure compliance with Government and University restrictions in place due to the public health response to the COVID-19 pandemic. In accordance with provisions in the Regulations, the dates of polling were called by the Student Council, with other election deadlines being consequently set by the Regulations and the Constitution, with modifications made as required by the truncated time available. These election timelines and relevant information were publicised through both notice of the election and election information sent to members and students.

Pursuant to the Regulations, notice was given on 23 July 2021 that the Annual Elections would be held from Monday 6 September to Friday 10 September 2021 (see [Appendix 1 – Notice of Election](#)), with nominations due on Friday 13 August. Notice of the election was posted on the UMSU website, sent out via the UMSU member email, put up in the University of Melbourne student portal and the subject of social media posts on official UMSU accounts. There was also notice given of by-elections for the positions of General Secretary, Environment Officer, Southbank Campus Co-ordinator, Burnley Campus Committee (7 positions), Indigenous Committee (3 members).

Election paperwork could be submitted to the Returning Officer via email and in the case of nominations forms, a Google form was also made available to all students on the election website.

Tickets

Ticket registrations were opened at 12pm on Monday 26 July and closed at midday on Friday 13 August. Ten ticket registrations were received in total.

Nominations

Nominations were opened at 12pm on Monday 26 July and closed at midday on Friday 13 August.

The final notice of nominations received was posted on Tuesday 31 August 2021 (see [Appendix 2 – Notice of Nominations Received & Accepted](#)).

After the closing of nominations, a detailed verification process was undertaken to ensure that candidates and their nominators and seconders were eligible to participate in the election by virtue of their enrolment as a University of Melbourne student, their UMSU membership and other position specific requirements as provided for in the Constitution and the Regulations.

The verification process resulted in fifteen nominations being determined ineligible, with the majority being due to the candidate not being an UMSU General Member at the time of nominations closing.

Upon the close of nominations, there were no nominations for the by-election positions for the Burnley Campus Committee. All other positions had at least one valid nomination received.

The following positions only received one valid nomination and hence were declared elected unopposed: Indigenous Officer, Burnley Campus Coordinator, Indigenous Students Representative on Council, Indigenous Committee, Southbank Campus Coordinator (By-election) and Indigenous Committee (By-election).

At the close of the nomination and ticket registration periods:

- **450 nominations had been received**
- **15 nominations were invalid**
- **6 positions were elected unopposed**
- **No nominations were received for the by-election of the Burnley Campus Committee**
- **10 tickets had been successfully registered**

Polling

Polling was conducted using the BigPulse voting system. All students on the Electoral Roll provided by the University received an email at the opening of polling with a personal voting link that would take them to their ballot.

A reminder email was sent to all voters that had not already cast a vote at midday Wednesday 8 September, and at 9am Friday 10 September (as highlighted below). The following table summarises the times during which students cast their votes, with spikes in voting following each email being sent.

Time	Monday 6	Tuesday 7	Wednesday 8	Thursday 9	Friday 10
00:00-03:00	N/A	49	26	33	45

3. Results

Declarations

Results were declared final after application of affirmative action requirements and verification by the electoral tribunal on Monday 4 October 2021, with the notice made available on the UMSU website and sent to all candidates via email (see [Appendix 3 – Notice of Results](#)).

All successful candidates were also required to fill out a declaration stating that they were not disqualified from managing a corporation by the *Corporations Act 2001 (Cth)* or from being a governing committee member by the Australian Charities and Not for Profits Commission as per the UMSU Constitution. Candidates were required to submit this declaration to me prior to results being finalised by the electoral tribunal.

Participation

The 2021 election recorded a higher number of students voting compared to recent contested elections, with 5,587 voters casting votes over the five days. This represented 9.1% of eligible students. Many voters did not cast a vote in each of the three poll groups, with 4,104 voters (6.7%) voting in the office-bearer elections, 3,219 voters (5.3%) voting in the UMSU Students' Council election and 2,965 (4.8%) voting in the National Union of Students delegate election. Students did not have to vote in all ballots in particular ballots groups, and hence were able to lodge blank votes rather than fill in all boxes on the screen, and this resulted in small percentages of informal votes in line with paper ballot equivalents.

4. Issues & Recommendations

This section deals with specific problems which arose with the election process or logistics along with recommendations that arise from these issues. It is not intended to be an exhaustive account of each issue that became necessary for the Returning Officer to consider.

UMSU Register of Members

Numerous students could not be located on the register, however provided us with proof of their UMSU membership. The data contained on the register was inconsistent which made it challenging to cross reference. A number of students had assumed that given they were on UMSU mailing lists that they were members, and some were adamant that they had been members previously, however did not appear on the register. Given that membership of UMSU is the basic requirement for eligibility to stand and hold positions within UMSU, the accuracy and reliability of the register of members is of utmost importance.

Recommendation 1

That UMSU review its data practices around the UMSU roll of members and the communications that go alongside UMSU membership, with a view to ensuring best practice and the validity of determinations based on membership status.

Payment of Honoraria to International Students

Following the receipt of legal advice by UMSU I was advised that I was required to verify the visa status of international students for positions that attract honoraria as this had the potential to place UMSU in breach of the *Migration Act 1958 (Cth)*. After numerous discussions with UMSU CEO Justin Baré I decided the best course of action would be to refer this issue to the electoral tribunal for advice. After receiving detailed advice from the electoral tribunal, I made a ruling which required all international students who stood for election to positions at UMSU which have honoraria attached to complete a declaration. Under my ruling this declaration was to be completed before the close of polling and needed to be completed for them to remain eligible. The declaration stated that they would not require nor accept an honorarium if elected to the extent that to do so would place them in breach of any visa requirement. This ruling can be found in full in Appendix 4 – Ruling On Eligibility Of International Student Candidates For UMSU Positions Which Have Paid Honoraria of this report.

Recommendation 2

That UMSU amend sub-clause 6.8 of the Constitution to include the following text: “Nothing in this Constitution shall authorise, mandate or permit the payment of an honorarium to any Student to the extent that to do so would breach any applicable Australian law, including without limitation 245C of the Migration Act 1958”.

Application of Affirmative Action

Affirmative action provisions outlined within UMSU’s governing documents are a process whose application was developed for use in a hard copy ballot and subsequently were difficult to replicate in the online voting platform, with the application of affirmative action in the counting of the ballot necessitating manual recounts. This significantly delayed the finalisation of the results and needs to be rectified prior to the next general election if UMSU continues to utilise online voting as part of the election process.

Recommendation 3

That UMSU work directly with the voting platform provider to ensure that all affirmative action provisions are incorporated into the ballot process and tested in advance of future elections.

5. Conclusion

This year's elections saw UMSU hold their annual elections online for the first time due to the restrictions in place to combat COVID-19. The UMSU framework governing election largely worked well with the online format, and the participants campaigned within an online format with ease.

Thanks go to all the staff involved in running the elections, including our OGL Group staff, and especially UMSU and University staff who assisted in various ways throughout the election. In particular my thanks go to Justin Baré, Naomi Fennell, Dee Jarret, Greg Shea and Peter Strong for their assistance throughout the election process. I would also like to acknowledge Ailish Hallinan for her invaluable assistance in putting together the election guide and organising the presidential candidates' debate.

I wish all successful candidates the very best as they undertake their new responsibilities in the coming year.

RULING ON ELIGIBILITY OF INTERNATIONAL STUDENT CANDIDATES FOR UMSU POSITIONS WHICH HAVE PAID HONORARIA

After examining the issue of eligibility of international student candidates for UMSU positions which have paid honoraria attached I make the following ruling:

The eligibility of international students to stand for election to positions is determined by the UMSU Constitution and not the requirements of the Migration Act (Cth 1958). This is due to the governance of UMSU's election being determined by its Constitution and Election Regulations.

International students who are otherwise eligible cannot be prevented from standing due to any determination that to do so might cause that student to breach his or her visa requirements if elected to a position which has an honorarium.

Therefore, international students can stand for election pursuant to the UMSU Constitution and be elected to all positions that have honoraria attached, however UMSU will be entitled to withhold payment of an honorarium to the extent that payment would cause the student to exceed any work or payment limit in his or her visa conditions.

In line with this ruling, I require international students who are standing for election to positions at UMSU which have honoraria attached to complete a declaration stating that that they will not require or accept an honorarium if elected, in accordance with sub-clause 6.8 of the UMSU Constitution or otherwise to the extent that to do so would place them in breach of any visa requirement. This will need to be completed by all affected candidates and received by the election staff by the close of polling.
