

## Provisional Investigations (Temporal & Dissoluble)

curated by Melanie Irwin

**Ebony Hickey, Melanie Irwin, Taree Mackenzie, Julie-Anne Milinski, Hannah Raisin, Hayley Rivers, Mia Salsjo, THE TELEPATHY PROJECT: Sean Peoples and Veronica Kent**  
**21/31 August**

The exhibition provides a space for artworks that have a limited life span, such as work made from ephemeral materials, site specific art and performance. Transitory art challenges the notion of the art-object and the commodification of art. Sometimes art exists fleetingly, as part of a discourse, and then dissolves.

**Opening night: Wednesday 22 August, 5/7pm**
