Your first week is almost up and today zine has been inspired by you, our superheroes!

RECAP...

From history to sport, from movies to Taylor Swift, VCESS trivia tested each and every student and tutor to search deep into the dark, long-neglected abysses of their minds. Intellect, memory, wit and superhuman guessing skills (not to mention tremendously spunky dance abilities) were all of absolute necessity for those hoping to take out the “2015 VCESS Trivia Winners” title.

And what a contest it was. We are super duper overjoyed to announce that the winners of 2015 VCESS Trivia is a tie: F2 and M1 both came first with a total score of 69. In second place was E7 (team name Super Barista) with 68 points, and third place was tied D2 and O1 (team name Type O negative) both on a score of 67.

Harder than any VCE exam **
It’s physics. In a minute. With pictures. Perfect for if you need a little help wrapping your head around how gravity works; or just want to feel smarter, fast.

Crash Course
Politics: Crashcourse
With series dedicated to history, biology, ecology, literature, and psychology (and plans for physiology, astronomy, and economics), Crash Course definitely worth a look.

The Art Assignment
Youtube.com/theartassignment
A great channel for the more artistically inclined. In each episode curator Sarah Green visits a different artist to talk about their practice. At the end of the episodes the audience is given an ‘assignment’ and are encouraged to create their own artwork which they can share on social media.

Billows majestically in the wind
Can be dramatically thrown over the shoulder when exiting a room, or emphasizing a point
Distracts enemies as they debate the pros and cons of capes
Endorsed by Superman, Batman, Storm, and Thor
Very Sunsmart
Inconvenient in hand to hand combat
Inconvenient in knife fighting
Inconvenient in martial arts
Generally a major inconvenience to most things necessary for crime fighting
Not Aerodynamic
A relic of 80’s fashion, thus potential source of embarrassment

They’re only from the 90’s, I’m so old!
HOROSCOPES

SUPERMAN (MAR 21 - APR 19)
Are you a bird? Are you a plane? No. You're Superman and you're going through an identity crisis.

SPIDERMAN (APR 20- MAY 20)
People actually do believe you are part spider, so they tend to get their repellant when you're around.

BATMAN (MAY 21- JUN 20)
You are a grown man and you dress up like a bat. If you can't see what's wrong with that then I don't know what to do.

IRON MAN (JUN- JUL 22)
If you teamed up with the Silver Surfer, you would be alloys.

WONDERWOMAN (JUL 23- AUG 22)
Don't tell anyone but you keep losing the Invisible Car, and you're really paranoid because your latest car is a Maserati.

HULK (AUG 23- SEP 22)
Your huge hands make typing on an iPhone impossible, and the coveted Flappy Bird high score is out of your reach.

THOR (SEP 23- OCT 22)
You're a hunky, swashbuckling, alien god. You definitely don't need my advice.

BLACKWIDOW (OCT 21- NOV 22)
You are the only red head in the world that could get a date. Make the most of this.

CAPTAIN AMERICA (NOV 22- DEC 21)
You have adjusted to the 21st century, except you can't understand the fascination with Kim K's ass. Trust me, you are not alone.

HAWKEYE (DEC 22- JAN 19)
You are the forgotten superhero, so maybe trying out a new outfit will pull some attention. I suggest a fluoro green mankini.

FLASH (JAN 20- FEB 18)
Your nickname as the fastest man alive does nothing for your reputation with women.

AQUAMAN (FEB 19- MAR 20)
You are always getting yourself and those around you wet, and struggle as to whether this is a burden or super power.

Thought of the day:
“...What's a superhero's favourite part of a joke? The punchline...”
