Each year the UMSU Art Collection supports University of Melbourne student artists by acquiring new artworks via commissions and graduate exhibitions for display in UMSU's public spaces. To date there are 185 works on catalogue ready to be hung around student areas in the new Student Precinct. As a taster for what you will see on the walls in the Rowden White Library, the Arts and Cultural Building and Building 168, we present our acquisitions by five VCA 2022 School of Art graduates alongside a selection from the greater collection in the brand-new George Paton Gallery.
