

Through Different Eyes

Curated by Michael Chew
15 /25 May 2007

A small group of students travelled across to India in January to live in a children's shelter, where they taught a variety of workshops – photography, video, creative writing, and printmaking. Responding to photographs from Melbourne students and their own environment, these Indian children have created many varied stories and images which invite us to see into their world.

Opening night
Wednesday 16 May, 5/7pm
