

Union Theatre Technical Specifications

2022

The Union Theatre is a proscenium arch theatre with a fly tower and orchestra pit, house curtain, cyclorama, state-of-the-art sound equipment and a fully-LED lighting rig. The theatre is equipped with standard masking curtains including legs, borders, two sets of tabs, panorama masking, as well as a false proscenium (a hard border and legs that can be used to shrink the proscenium opening).

The Union Theatre is managed by the University of Melbourne. Union House Theatre supports Student Theatre Groups during semesters to stage productions in this theatre. This document outlines some of the key technical information for the venue. For detailed technical information, please contact: production@union.unimelb.edu.au

VENUE GENERAL	7

Stage

Stage Dimensions

Proscenium

Width	13000mm (False Pro Variable)
Height	7000mm (False Pro Variable)

Setting Line

Upstage edge of Proscenium

Distance From (*SL = Setting Line, CL = Centre Line*)

SL to DS edge of apron	1435mm
SL to DS edge of Orchestra Lift/Pit	Centre 2450mm, Edge 2050mm
SL to first fly line	200mm
SL to last upstage fly line	11800mm
SL to rear wall	12150mm
CL to OP wall (or obstruction)	10700mm
CL to PS wall (or obstruction)	11900mm
Stage to underside of grid	17500mm

Orchestra Pit

The Orchestra Pit is a mechanised forestage platform. It can be set at Stage level, Auditorium level (900mm below stage), or Pit level (2615mm below stage). When at Auditorium level, seating can be added to increase audience capacity. When at Pit level, a prop safety net is put in place over the pit to protect musicians from falling props. This net is not rated to catch a person or large set item.

Dimensions of the orchestra pit:	11175mm x 2450mm Centre, 2050mm Edge
Orchestra pit maximum capacity:	20 persons

Auditorium

Auditorium consists of stalls as well as a balcony level. Aisle end seats in F row of the stalls and C row of the balcony are individually removable for wheelchair access.

Seating capacity with additional Orchestra lift/pit seating installed	398
Seating capacity without Orchestra lift/pit seating installed	361

Lighting

The theatre has five lighting (LX) bars over stage, two front of house (FOH) bridge lighting bars, and 'box boom' positions to either side of the forestage. There are two vertical lighting 'ladders' on either side of the stage at each wing. There is a follow spot room over the auditorium with two follow spot fixtures.

Every light in the venue is an LED fixture, with many capable of changing colour without the need for lighting gels. 'Conventional' incandescent lighting fixtures are not permitted in the venue.

For details of the standard rig configuration for Student Theatre Productions, reach out to UHT Production.

There is a small quantity of portable television screens available for use for captioning or other applications. Contact UHT to discuss your requirements.

Playback

Item	Device	License	Qty	Notes
Qlab 5	Mac Mini	Full A/V license installed	1	Standard position next to audio console

Communications

Comms

- 1x Master Unit (located in stage manager's desk)
- 4x wired comms substations (positions variable)
- 4x wireless comms units

Paging / Show Relay

Paging to the dressing rooms is available through the stage manager's desk. Show relay can be distributed to different zones backstage as desired.

A stage video feed is visible at the stage manager's desk and in the dressing rooms & green room.

Venue General

Dressing Rooms

There are four dressing rooms shared across the Union & Guild Theatres with a combined capacity of 42 seats including toilets and showers in each room. Dressing room availability will depend on activity across both venues and allocation of these rooms will be advised.

An additional Green Room rehearsal room is available directly behind the Union stage for use by the occupant of the theatre.
