

Provisional list of nominations received

This document lists nominations received as of the nomination deadline, **9am, Monday 11th May 2026**. Currently we are conducting a verification, so the list should be regarded as provisional.

Please note that the student roll we have from the University lists only international students, so the enrolment status of domestic candidates, and other candidates, nominators, seconders that were not found on the roll, are being re-checked with the University's student enrolments team.

A random draw will be held for the order of candidates on the ballot, at which point this list will be reissued. Until then, candidates appear in alphabetical order.

Candidates are asked to contact the returning officer if they have any queries about their nomination, or the spelling of their name.
