

Traces of Light

**Third and Fourth Year School of Creative Arts Photography Students
31 October/10 November 2006**

Traces of Light celebrates the diverse range of photographic practices of graduating Creative Arts students. Linking this group's artistic output is the trace of light that gives birth to the photographic image and vision itself. The photographers' purpose is to capture the trace of light that transforms the subject, creating a mood that lingers.

Opening night

Wednesday 1 November, 5/7pm
