Proposed amendments:

- Phoebe Kelloway came back shortly after being recorded as having left, before the close of the meeting.
- Jesse's name was spelt wrong on page 4 (spelt with an "e", not an "ie").

Motion 5: That the minutes of Students' Council Meeting 13, held on the 3rd of June 2009 be accepted (with corrections) as a true and accurate record.

Moved: Chair

Agenda Item 3: Motions on Notice

3.1 CCC rally

The CCC rally was originally planned for 12th August 2009, but this has now changed to 2nd September 2009. A multi-part motion has been tabled regarding the campaign and event, moved by Tim Arnot and seconded by Josh Schmidt, and this is discussed.

The Chair opens a speaking list. There is extensive discussion.

Tim Arnot and Frances Lewis encourage students to attend and it is noted that the Concession Cards Coalition (CCC) meets every Monday 5pm, RMIT cafeteria, and is a broad amalgamation of student representative groups.

Tristan Clack gives an overview of his recent liaison with the fares manager at the Department of Transport (DoT) regarding a potential means-tested allocation of concession cards to international students. The merit of means-testing international students is raised and the likelihood of a government funding allocation of the size necessary to give all international students concession cards is in turn discussed.

The question of whether the expenditure for the campaign raised in the tabled motion should come from the Welfare Department budget or the Whole of Union Fund as stated in the tabled motion is raised and discussed. Liam Byrne emphasises that funding the demonstration from the Whole of Union Fund will show that the whole student union supports this cause. It is suggested that the union as a whole should endorse the campaign, but this does not necessarily require that funding come from the Whole of Union Fund.

Procedural Motion: That each speakers' speaking time to be limited to one minute, and that the last speaker be called for.

Moved: Chair
CARRIED

It is suggested that If the Welfare Committee is not going to have a meeting before the rally to approve the expenditure then authorisation for its release should be passed from the Whole of Union Fund and then transferred from the welfare budget into the Whole of Union Fund as soon as is practicably possible.

An amendment to the motion is proposed, stating that the expenditure of \$500 from the Whole of Union Fund is contingent on the Welfare Committee meeting before the 2nd September 2009 and agreeing to subsequently transfer such monies back into whole of union fund.

Motion 6: That University of Melbourne Student Union Students Council endorses the Melbourne-wide Concession Cards Coalition and its demands for transport concession cards for international and postgraduate students.

That UMSU Students Council endorses the rally on Wednesday 12th August at 2pm at the State Library, called by the Concession Cards Coalition.

That UMSU Students Council strongly encourages all office bearers to attend the rally on 12th August.

That UMSU Students Council directs the President to notify all UMSU members of the rally on 12th August, and encourages them to attend.

That UMSU Students Council approves the expenditure of \$500 from the Whole of Union Fund to go towards the Concession Cards Coalition campaign, for the production of material (posters, leaflets, banners etc) for the rally on 12th Aug and for future events hosted by the Concession Cards Coalition, contingent on the welfare committee meeting before the 2nd September 2009 and agreeing to subsequently transfer such monies back into the Whole of Union fund.

Tabled Motions 7, 8 and 9 (moved by Ruby Warner and seconded by Tim Arnot) are discussed. Ruby Warner and Liam Byrne emphasise their support for the intervention Rollback Action Group and Tim Arnot notes that this group will be putting out the quoted statement on July 30th.

3:12pm David Liubinas returns

3:12 Onagh Bishop returns

It is clarified that the statement to be endorsed is the statement quoted prior to the proposed motions on the handout.

It is confirmed that the expenditure of \$200 proposed in one of the three tabled motions can come from the Indigenous Department's budget, and it is proposed that the relevant motion be amended to state that the \$200 be expended by the Indigenous Department rather than by the Whole of Union Fund.

It is confirmed that the funds requested are to pay for the statement by the Intervention Rollback Action Group to be published in the national press.

Motion 11: That motions 7, 8, and 9 be moved on block and the additional motion *"That the Indigenous Committee is to pass a motion approving their reimbursement of the whole of union fund in the sum of \$200 at an upcoming committee meeting"* also be moved.

3.3 Returning Officer & Elections

The tabled motion regarding conduct by the Returning Officer during UMSU elections, moved by Dominique Ottobre and seconded by Bruno Friedel, is discussed.

Dominique Ottobre explains that the purpose of the motion is to confirm that the Returning Officer is aware of UMSU's core beliefs and his role in line with these, as UMSU has had bullying occur in the past during elections. This motion will emphasise that no bullying and intimidation will be tolerated during election week.

Discussion of the relevance of the tabled motion ensues.

Procedural motion: That this recommendation be put to a vote.

Motion 14: That Students' Council approves the expenditure of up to \$2000 from the Above Water line for printing costs, promotional material, catering costs and prizes for the Above Water creative writing anthology to be launched at the Melbourne Writers' Festival.

Agenda Item 4: Matters Arising from the Minutes

Quorum count- 10, the meeting continues.

4.1 AGM/SGM Venue Confirmation

Discussion via speaking list occurs regarding the date and venue of the next AGM/SGM. David Haidon notes Students' Council needs to have an AGM in order to formally elect the VCA Student Office Bearers into office. It is enforced that this should be as soon as possible.

Motion 16: That an AGM/SGM be held on Tuesday 4th August 2009 at 12:30pm in North Court.
Moved: David Liubunas Seconded: ???
WITHDRAWN

Onagh Bishop points out that there are reasons why this venue is not optimal.

Justin Bare notes that there needs to be 21 days notice given to the student body of constitutional changes. Discussion takes place around the fact that notice has not been circulated, and it is requested that the Secretary be contacted to confirm this. It is noted that lack of such notice makes it impossible to pass constitutional changes at the AGM/SGM on Tuesday 4th August.

It is suggested that the date of the AGM/SGM be changed, as a week is not long enough to ensure quorum is reached. Goldie Pergl proposes that a motion be moved which states: "That Students' Council works for the campaign in a week's time, but if notice has not been met, to hold another meeting on 21st August."

It is proposed that the AGM/SGM be held in 3 weeks or during Prosh Week (Week 5). David Liubinas suggests that the AGM/SGM be held during Prosh Week to ensure quorum is reached. Onagh Bishop notes that it is important to guarantee that the event to be free of drunkenness and nudity. David Liubinas notes that Students' Council will need to liaise with the Prosh Week judges regarding all of this, and it is proposed that someone be appointed to liaise with them and that Students' Council is given their contact details.

Josh Schmidt leaves 3:24pm

It is proposed that any motion regarding the AGM/SGM date include that the President be authorised to send out notice on the Secretary's behalf if necessary.

It is confirmed that even if the AGM/SGM takes place after Prosh Week there is still enough time to hold it before UMSU elections. Justin Bare confirms that even if the AGM/SGM takes place after elections, it is still possible for the VCA student representative positions to be elected in on a provisional basis.

David Liubinas's first motion is withdrawn.

Motion 17: That David Liubinas be the middle man in negotiating between Students' Council and the people of Prosh with regards to the Students' Council AGM/SGM.

Moved: David Liubinas Seconded: Jesse Overton-Skinner (???)
WITHDRAWN

David Liubinas's second motion is withdrawn.

Motion 18: That the Students' Council AGM/SGM be set for Tuesday 25th August 2009 at 12pm in the Public Lecture Theatre (PLT), and that the UMSU President be empowered to send notice of such a meeting today if the Secretary is unable.

Moved: Kaitlin Ferris Seconded: Dominique Ottobre

4.2 Indigenous Department Vandalism Motion

Procedural Motion: That Item 4.2 regarding the Indigenous Department Vandalism be deferred to the next meeting's agenda.

Moved: John Shipp (proxy for James Smith)

4.3 Cage Free Campus Society

Motion 20: That Students' Council joins with the Cage Free Campus Society in calling for all University of Melbourne eateries to go "cage-free" and that a Students' Council representative presents a resolution to the University Council calling for a complete cage-free egg policy on campus.

Moved: Katelyn Grimmer Seconded: Sam Cossar-Gilbert.

Discussion takes place regarding the tabled motion.

It is noted that the resolution should put to MUSUL instead of University Council, as they are the more relevant body in this instance.

Sam Cossar-Gilbert notes that he is happy to be liaison between Students' Council and CFC and to put together a resolution to propose to University Council and to MUSUL.

Procedural Motion: That the following amendment "and to MUSUL" be added to Motion 16, so that it now reads: "That Students' Council joins with the Cage Free Campus Society in calling for all University of Melbourne eateries to go "cage-free" and that a Students' Council representative presents a resolution to the University Council and to MUSUL calling for a complete cage-free egg policy on campus."

Moved: Sam Cossar-Gilbert

Motion 21: That Students' Council joins with the Cage Free Campus Society in calling for all University of Melbourne eateries to go "cage-free" and that a Students' Council representative presents a resolution to the University Council and to MUSUL calling for a complete cage-free egg policy on campus.

Moved: Chair
CWD

Carla Drakeford confirms that she will email Katelyn Grimmer to inform her that Students' Council has passed Motion 17.

4.4 Corporate Charges Invoice (MUSUL)

Carla Drakeford explains that she met with Lowan Sist (MUSUL CEO) regarding the Corporate Charges Invoice. She was authorised by Students' Council to allow \$50,000 maximum for this year. MUSUL responded by letter that they require \$35,000 for this year's payment and \$35,000 from last year (when UMSU didn't pay).

Justin Bare noted that he has been advised by MUSUL that they will issue an invoice for 2009 totalling only \$40000 and thus they are effectively accepting UMSU's offer. Carla Drakeford notes that when she formally receives a response from MUSUL stating the above she will bring this to Students' Council.

4.5 Balance Sheet Transfer (MUSUL)

Justin Bare notes that there has thus far been no discussion of the balance sheet transfer by MUSUL.

4.6 Food Co-Op and MUSUL

It is noted that MUSUL is currently in the process of renewing the Food Co-op's rental agreement and that Goldie Pergl has a meeting scheduled with MUSUL to discuss this matter.

It is proposed that Goldie advise MUSUL that Student's Council continues to support and endorse the Student Co-op as an important part of student life, and to thank MUSUL for their continuing support in providing the premises for this endeavour, and that a motion be passed noting this sentiment. It is also proposed that the motion include a request that the current arrangement with MUSUL with regard to the co-op (ie. the peppercorn rent of \$1 per year) continue.

Motion 22: UMSU Students' Council recognises the huge benefit that the Food Co-op provides to the students of the University of Melbourne and recognises the valuable contribution that MUSUL undertakes to make the continuing operation of this outlet possible. We would ask that any rent agreement would continue for the next year.

Moved: Goldie Pergl

Seconded: Jesse Overton-Skinner

4.7 Tuesday Band and BBQ

Motion 23: That Item 4.7 regarding Tuesday Band and BBQ be deferred to the next meeting's agenda.

4.8 Student Newspaper Policy

Discussion via a speaking list occurs.

The Media Officers note that the proposed Student Newspaper Policy attempts to address the fact that there is currently very little guidance about Farrago is/should be, for future OBs to turn to, and to provide a formal process for dealing with complaints. They note that the policy is informed by submissions from the student body.

Phoebe Kelloway notes that the right of reply guidelines in the first paragraph of the complaints and grievances section may be bit too general regarding the right of reply for press groups. She suggests it be added that if something is published that contributes to oppression of a minority group then it is guaranteed that that group have space in next Farrago that is more substantial than just a letter to the editor. It is noted that Farrago's obligations with regard to racism, sexual, etc are noted in the UMSU Constitution and that obligations to provide right of reply cannot continue indefinitely over one issue, however it is also noted that the implications of the Constitution are not concrete and that there have been concerns in previous years about right of reply in Farrago. It is

proposed that the relevant paragraph of the policy be altered so that right of reply includes a letter to the editor and/or article space, however no motion is moved.

The complaints procedure, specifically the configuration of the complaints committee, is discussed and an amendment to the current procedure proposed, with a view that the newspaper policy can be amended further down the track if necessary.

Procedural motion: That the Student Newspaper Policy be put to a vote.

Moved: Kaitlin Ferris

LOST For 5 Against 7

Procedural motion: That the Student Newspaper Policy including the following amendment in Section 10 be put to a vote:

Agenda Item 4: General Manager Report

UMSU launch at VCA

A motion approving expenditure from the Whole of Union Fund to fund the Student Union launch at the Southbank Campus is discussed.

Justin Bare notes that the launch is to take place the next day, Wednesday 29th August 2009 and will include a BBQ and band as well as promotion of UMSU's activities and for VCA students to sign-up to receive free Student Union membership for Semester 2, 2009.

It is noted that Carla has already secured \$2,000 in funding from the Provost Office for the event which is coming into the Whole of Union Fund, and Students' Council simply needs to give authorisation to spend these funds on the launch.

Staff Leave of Absence

A motion regarding Leave of Absence by an advocacy staff member is discussed. Justin Bare notes that the leave is due to take place during December 2009 and January 2010, a peak period for the advocacy service, requiring that a replacement staff member be hired. Justin notes that it has been proposed that the Student Services Officer act in a higher duties role over that period (following appropriate training), and a casual staff member be employed to work in Advocacy reception. This is explained as beneficial because it provides support and professional development opportunities to an existing staff member and is cheaper.

It is proposed that Student Council transfer a maximum of \$10,000 from the Honoraria and Salaries lines of budget, using funds that were budgeted but won't be spent due to unpaid staff leave and vacancies. It is confirmed that all this money would come from the 2009 budget, and that Marisa would be paid at a level appropriate to her new position during the period in question.

Motion 26: That Students' Council transfer up to \$10,000 from the Salaries and Wages, Honoraria and Superannuation lines of the Students' Council budget to the Casual Wages and Superannuation lines of the Student Union Advocacy Service budget in order to fund a replacement staff member in December 2009 and January 2010.

The Raise an Issue system was established to assist students in contacting their student representatives if they were unsure of who to contact or unable to meet with a student representative. The following issues have been raised and are relevant to Students' Council. In this document the personal details of the students have been removed because it is stated on the forms that their details will not be published or disclosed to a third party outside of UMSU. Students' Councillors are able to inspect copies of the forms received by contacting the Secretary.

Dear Carla,

Proposal to Simplify University Legislation Governing Recognition of Student Organisations of the University

Last year the University Council endorsed the initiation of a project which aims to simplify the University's business processes. As a key part of that project, the University is trying to simplify its very bulky and complex internal legislation, and reduce it to a size more comparable to that maintained by other Australian universities.

Our plan is to confine our use of statutes to important overarching policies and matters with a significant impact on individual rights and freedoms. Statutes will take a generic form, with particularities and matters of detail dealt within lesser instruments. We are proposing that one such statute will set out standard requirements for an organisation to be formally recognised as a student organisation of the University, as is the case with UMSU Inc.

UMSU Inc will continue to be established under a separate regulation with a recital of its history, but we are proposing to move material common to all recognised student bodies to the overarching statute. Attached you will find a copy of the draft statute and its supporting regulations, including the proposed regulation for UMSU Inc which sets out the conditions of its recognition by the University in terms unchanged from those under which you currently operate. I would be very grateful if you could bring it to the attention of your council. The University's General Counsel, Mr Chris Penman, would be happy to respond to any queries you or your council might have regarding this development, and of course if it raises any serious concerns please let me know.

We are hoping to take this legislation to Council's 14 September 2009 meeting, so we would be grateful if we could have any comments or response from UMSU Inc by 24 August.

The University is very conscious of the value of its relationship with its student organisations, and hopes that you will agree that the amended legislation attached clearly sets out the nature and history of that relationship for all parties.

Yours sincerely,

Revocation of Statutes 15.2 and 15.3, revocation and remaking of Statute 15.1, and making of associated regulations, recommended by the Vice-Principal and University Counsel – To consolidate legislation regarding the recognition of student organisations (#/2008).

Explanatory Note

Council at its annual conference in February 2008 gave in principle agreement to a reform program under the title of “Taking Responsibility – Making Melbourne Manageable”, which included proposals to significantly reduce the number and simplify the complexity of the internal legislative instruments maintained by the University.

At present, Chapter 15 – Student Organisations contains three statutes: Statute 15.1- UMSU Incorporated; Statute 15.2 – The Melbourne University Sports Association and Statute 15.3 – University of Melbourne Postgraduate Association Incorporated. (The postgraduate association has changed its name to The University of Melbourne Graduate Student Association (GSA), but that change is yet to be reflected in University legislation.)

Council at its February 2009 meeting held in conjunction with its annual Planning Conference approved an outline of proposed amendments to existing internal legislation including the following amendments to legislation in Chapter 15.

- *A statute to make generic provision for recognition of student organisations.*
- *Individual relationships governed by brief regulations with matters of detail set out in fixed term agreements.*

In accordance with the decision of Council, this legislation revokes the existing statutes regarding student organisations and makes a new statute 15.1 to set out standard provisions governing their recognition. The legislation also makes a supporting regulation for each currently recognised student body – the requirements for continuation of that recognition are unchanged.

The following sentence to be added when agreed – “The governing bodies of the three recognised student organisations have been consulted and have approved the above arrangements.”

Proposed Statute and Regulations

STATUTE 15.1 – STUDENT ORGANISATIONS

Recognition of a student organisation

15.1.1 Council may by regulation recognise an organisation as a student organisation of the University for so long as Council, after considering its constitution and the role of other student organisations recognised by Council, is of the opinion that the organisation remains capable of representing the student body of the University and is satisfactorily carrying out all of the obligations imposed on it by legislation or by any agreement with the University,.

Termination of recognition

15.1.2 Where Council forms the opinion for whatever reason that an organisation should cease to be recognised, any privileges provided by recognition are terminated.

Provisions of amenities and services

15.1.3 At the request of Council, and in accordance with conditions determined from time to time by Council, a recognised student organisation must provide amenities and services in accordance with the terms of funding provided to it.

Petitions to the Board

15.1.4 (1) A recognised student organisation may petition the Board on any matter affecting the teaching or discipline of the University.

(2) On receipt of a petition the Board must either deal finally with the matter or refer it with a report to Council.

Petitions to Council

15.1.5 (1) A recognised student organisation may petition Council on any matter affecting the students other than a matter affecting the teaching or discipline of the University.

(2) Council must deal with any petition received under this section.

President of a recognised student organisation

15.1.6 (1) On application in writing to the appropriate faculty the president of a recognised student organisation may be granted leave of absence from a course for which he or she is enrolled.

(2) Notwithstanding any other statute the president of a recognised student organisation will be deemed to be an enrolled student of the University during any period of leave of absence granted under subsection (1).

Student representation

15.1.7 Council may, by determine from time to time how student representatives are to be selected and appointed to any body of the University.”

REGULATION 15.1.RI – UMSU INCORPORATED

Deleted: STATUTE

Recitals

1 The Students' Representative Council was formed as an independent unincorporated association at a special general meeting called by the Sports Union Council on 19 September 1907.

2 Statute XXXIII, which was made by Council on 4 July 1914, provided that Council might at its discretion establish a Students' Representative Council.

3 Pursuant to Statute XXXIII Council on 23 December 1914 approved the constitution of the Students' Representative Council which had been submitted to Council by that body and which at that date was the existing constitution of the Students' Representative Council.

4 On 13 July 1988 the members of the Students' Representative Council authorised its incorporation under the Associations Incorporation Act 1981 and approved a constitution, and on 13 September 1988 the Students' Representative Council was incorporated as Melbourne University Students' Representative Council Incorporated.

5 The Student Council of the Melbourne Training College, the predecessor body of the Melbourne College of Advanced Education Students' Association, was formed in 1923.

6 On 14 October 1987 the annual general meeting of the Students' Association authorised its incorporation under the Associations Incorporation Act 1981 and approved a constitution, and on 27 November 1987 the Students' Association was incorporated as the Melbourne College of Advanced Education Students' Association-Carlton Incorporated.

7 In accordance with a referendum of students, on 13 October 1988 the Melbourne University Students' Representative Council Incorporated resolved to amalgamate with the Melbourne College of Advanced Education Students' Association-Carlton Incorporated to form the Melbourne University Student Union Incorporated ("MUSUI") and approved a constitution.

8 On 27 October 1988 the annual general meeting of the Melbourne College of Advanced Education Students' Association-Carlton Incorporated resolved to amalgamate with the Melbourne University Students' Representative Council incorporated to form the Melbourne University Student Union Incorporated and approved the same constitution.

9 MUSUI encountered financial and operational difficulties in 2003, resulting in the Supreme Court of Victoria placing it in liquidation on 6 February 2004. This was preceded by a restructure of the delivery of student amenities and services at the University through the establishment of MU Student Union Limited ("MUSUL"), a wholly owned subsidiary of the University, and the execution of a new Master Agreement between the University and MUSUL in December 2003.

10 The University withdrew its recognition of MUSUI as an approved student organisation of the University on 13 September 2004 with effect from 1 January 2005.

11 Pending the establishment of a new student union, Council recognised an Interim Students Representative Committee for the purposes of representing the interests of students and, in conjunction with the liquidator of MUSUI, otherwise fulfilling the functions designated in the previous Statute 15.1 as being carried out by MUSUI.

12 Council approved the constitution of a new student union in August 2005, and with the support of an

overwhelming majority of students held in a plebiscite that month, steps were then undertaken to incorporate a new student union under the Associations Incorporation Act 1981 and convene elections for positions in the new student union and related clubs and societies to take effect from 2006.

13 Those elections were held in October 2005 and UMSU Incorporated was incorporated on 17 November 2005.

14 On 16 December 2005, MUSUL and UMSU entered into a facilities and services agreement governing the terms on which UMSU is to perform what are described therein as core student representative activities, and to receive funding from MUSUL for that purpose. Subsequent funding agreements between the parties supplement but are otherwise subject to the terms of the facilities and services agreement.

15 In early 2009, Council agreed to consolidate into one statute matters governing recognition of student organisations, and to provide for recognition of individual student organisations by regulation.

To UMSU Student Council,

As you some of you know the Victorian College of the Arts is undergoing some rather drastic changes due to its amalgamation with the University of Melbourne. Below are some of the issues students, staff, alumni, and the industry are voicing:

COURSE RESTRUCTURING & THE MELBOURNE MODEL

- The introduction of “The Melbourne Model” will mean that as of 2011, all students from Theatre, Dance, Production, Art and Film & TV will undertake a 3 year generalised bachelor degree. Only then may they specialise intensively in their chosen field in a 2 year post-graduate degree.
- University of Melbourne plans indicate that practical training in each of these schools will be reduced by up to 50%.
- The Puppetry Course, the only one of its kind in the Southern Hemisphere, has been suspended. The Music Theatre course, having had 500 applicants in its inaugural year has also been suspended.

BACKGROUND TO THE AMALGAMATION

- The Victorian Government, based on commitments contained in a Heads of Agreement, passed the Melbourne University (Victoria College of the Arts) Act 2006. The Heads of

Agreement was originally formed to protect the identity and integrity of the VCA as a specialist, practical training institution. It has since then been amended by the “VCA Integration Committee,” to the point that the University of Melbourne can enforce whatever policies they see fit.

STAFF CUTS

- On July 29th, UoM announced that it will sack 220 full-time teaching and administration staff as part of a new “economic response program”. Many VCA staff have lost their jobs already and the faculty has been targeted for further redundancies with many internationally acclaimed staff unlikely to have their contracts renewed at the end of this year. Minimal or no practicing sessional staff will be employed at the VCAM from 2010.
- Staff have been instructed to stay away from the media, to pacify students and to keep quiet about impending redundancies. Many staff have been told that they risk losing their jobs if they speak out against the University’s proposed changes.

A student group called Save VCA has formed to fight these changes. They are organising a weeklong protest starting on the 16th of August and will climax on the 21st with a protest march to parliament. They have created a website www.savevca.org which has much more information. Attached is a flier for the Protest March for distribution.

I would like to put forward the following motions:

1. That UMSU Student Council wholly support the Save VCA campaign.
2. That the UMSU Student Council direct the President to promote the Save VCA Week, especially the protest march on the 21st, through the UMSU Mailing lists.
3. That UMSU hold a BBQ on the VCA grounds on the 19th of August as part of Save VCA Week, with a budget of \$500 from the Whole of Union Fund.

Secretary's Report

1. General Meeting

At meeting 13/09, Students' Council directed an AGM & SGM to take place on August 4, at a venue to be confirmed. As no confirmation of venue has been received, I have not organised a meeting for this date. With the assistance of the General Manager, I have sought information on possible venues.

North Court has traditionally been a venue for UMSU General Meetings, however, Students' Council has expressed an unwillingness to schedule GMs in North Court.

The only other possible option around Union House is the Grand Buffet Hall.

Other options on campus include the Public Lecture Theatre and Copland Theatre.

2. Regulations and Policy.

On 18 March Students' Councillors requested further clarification regarding proposed amendments to Standing Orders.

Rule 3.3 now reads:

3.3 A regular meeting is a meeting held in accordance with the meeting schedule or is otherwise a part of the regular program.

3.3.1 The Students' Council may delegate to the Secretary the power to set meetings on the regular program during periods not covered by the meeting schedule and may determine the conditions of this delegation.

This is because previously rule 3.3 restated requirements already set out in rule 85 of the Constitution. The amendment to rule 3.3 creates two types of regular meeting (regular program or meeting schedule).

Rule 3.3.1 does not create any new powers for the Secretary and effectively reduces the power of the Secretary. It is possible under current conditions the interpret meetings not set explicitly as special meetings as regular meetings as the Constitution overrides Regulations. The ambiguities in the interpretation of the regular/special meeting distinction arise not from the Constitution, but from the Constitution interpreted in the context of Standing Orders.

Rule 3.3.1 seeks to alter current convention which leaves the Secretary to set meeting times and dates outside of the semesterly meeting schedule. The word 'may' implies that the Secretary does not automatically have the power to make executive decisions to set meeting times (except perhaps in the case of a newly elected Students' Council

that is yet to meet for the first time). The power of Students' Council to govern its program of meetings is foregrounded by rule 3.3.1 which diminishes the power of the Secretary to act unilaterally. Additionally, the regulatory environment of UMSU Inc. is much different to that of MUSU Inc. and is clearly designed to prevent unilateral action.

Rule 5.1 and 5.2 are amended:

Rule 5.1 previously defined special meetings as those not on the regular programme of meetings set at the start of each semester.

Rule 5.2 previously defined a special meeting as held when four voting representatives requested a meeting. This contradicts with 5.1 since a meeting could be outside of the regular programme set at the start of each semester yet not be held at the request of at least four voting representatives.

The rules now read:

5.1 Special meetings are meetings held outside of the regular program.

5.2 A special meeting shall be held when:

5.2.1 at least four voting representatives request in writing or by email that one be held; or

5.2.2 Students' Council directs that a special meeting be held.

This amendment aims to clearly define a special meeting, the conditions under which special meetings are held and to remove contradictions.

Rule 5.4 is amended to correct a typo (by to be).

Rule 8.2 is amended to include reference to a new appendix which sets out a model agenda for a Special Meeting. This model agenda is consistent with the current rule 5.4.2 of Standing Orders which does not allow for business other than that included in the request for a special meeting to be set on the agenda.

Rules 11.3, 13.2, 14.10, 19.4 and (thanks to Dominique for pointing this out) 19.5 are amended to renumber appendices.

Rules 26.8 and 26.9 are new, added to further clarify definitions. The definition of 'meeting schedule' is consistent with rule 84 of the Constitution and rule 26.9 defines regular program against the criteria for a special meeting. This leaves no meeting uncategorised.

26.8 'meeting schedule' means the schedule set at the first meeting of the Students' Council in each semester.

26.9 The 'regular program' includes meetings set on the meeting schedule or any meeting outside of the meeting schedule which is not requested by at least four voting representatives or directed to be held as a special meeting.

Recommendation 2.1:

Students' Council adopts the amended Standing Orders as circulated including the amendment to the typo in rule 5.4 and the originally omitted renumbering of appendices in rule 19.5.

If this recommendation is accepted, then it is proposed additionally that the policy included in this report be adopted as well, which has been developed in accordance with expectations representatives have expressed and current practice. It has also been developed to work with the amended Standing Orders.

Meeting Notifications Policy

Committee meetings are an important part of the governance of UMSU. The department's priorities and activities are set and discussed within these meetings so it is important that they are a democratic forum.

Every representative on an UMSU Committee has the right to:

- Receive adequate notice, as set out in the Constitution, of the time, date and location of a meeting.
 - Rule 88.1 of the Constitution requires four academic days between the day notice is sent and the day the meeting is held for a regular meeting.
 - Rule 88.2 of the Constitution requires two academic days between the day notice is sent and the day the meeting is held for a special meeting, unless more than half the voting representatives of the committee notify the Secretary that they believe a meeting should be held with less notice.
 - These rules apply to Committee meetings in accordance with Rule 100.1 of the Constitution.
- Be consulted by the relevant Officer regarding the setting of the time, date and location of a meeting and the setting of a meeting schedule.
- Be included in the decision-making of the Committee.

For meetings which are not set on the meeting schedule or otherwise held according to the direction of the Committee, Officers, as part of their duties, shall consult with all the representatives on their committees regarding availabilities for meetings. The time, date and location of meetings should then be passed on to the Secretary such that adequate notice can be sent.

Recommendation 2.2:

Students' Council adopts the Meeting Notifications Policy.

Proposed Amendments to Procedures for Student Representatives

Proposed amendments were circulated to Students' Council members detailing amendments to the Regulations.

Rule 1.1 of Procedures for Student Representatives previously referred to C152 and C153 which presently relates to Meetings of the Staffing Sub-Committee and Budget Process. This has been updated to refer to C155 and C156 which refer to Regulations other than Electoral Regulations and the Provisions of Regulations.

Rule 3.2 is amended to capitalise the 't' of 'the' at the beginning of the sentence.

Rule 10.3 read 'The UMSU logo shall appear in Appendix A' and has been amended to read "... shall appear as in Appendix A".

Rule 14 has been added to allow the Indigenous, Queer and Wom*n's departments to appoint a Committee Secretary from their restricted constituency when the Secretary is not a member of that restricted constituency. It does not require the committees to do so, but does so to increase the level of autonomy available to that committee.

Rule 15 sets out a process for the election of Finance and Staffing Sub-Committees, consistent with the Constitutional requirement to elect these committees before their term commences (C141) and sets out a process for this election. Students' Council(-elect) may determine the conduct of the election or may allow it to follow the regulations.

Rule 16 sets out a process for the appointment of the Students' Representative Network and outlines some basic rights and responsibilities for representatives. In conjunction with rule 15 it is hoped that these amendments will allow for a longer opening of applications and more time for Staffing Sub-Committee to meet and consider applications. That applications for SRN should be opened and considered by Staffing Sub-Committee seems to be a relatively uncontroversial convention and therefore it seems reasonable for the process to be automatic.

Recommendation 2.3:

Students' Council adopts the amendments to Procedures for Student Representatives.

3. Staffing and Finance Sub-Committee Elections

At the end of Semester 1, I enquired as to whether any Students' Councillors would object to the opening of Staffing and Finance Sub-Committee elections, no objections were received. Nominations were opened and were sufficient to fill Finance Sub-Committee only. The following representatives have therefore been elected unopposed: Onagh Bishop, Kaitlin Ferris, Dominique Ottobre, Goldie Pergl, Jesse Overton-Skinner and Stephanie Gold.

So far this year we have spent \$20,700 on grants, \$9,289 on Orientation, \$31.60 from the Special Projects line for a locksmith to make keys for Club lockers which will soon be made available, \$55.25 from the Special Projects line for BBQ equipment, and \$91.80 from the Stationery line for the New Clubs Packs.
- Our committee has had a few membership changes that has seen Jason Ball leave us and be replaced by Jonathan Donagan. While Jonathan Hunt is to be replaced by John Harris on the 15th of June since Jonathan is leaving for far greener pastures. Clubs Council has kindly decided to continue with the 'J' name theme.

We don't really have much to report this time, but Students' council has managed to approve our last report. We've also attached the regulations that we need to submit to council at the bottom of this report.

C & S report 5

C & S has been operating steadily through the semester break. Mid year orientation was a success with many clubs gaining new members. Though some clubs had some confusion as to their aims from prospective club members.

We have had a lot of constitutional changes coming through from a wide variety of clubs and a lot of new clubs approaching their IGM's.

Our day out to VCA was a success with a club from VCA beginning the affiliation process. Our club total is almost back to where it was at the start of the year (110) and is likely to end over that total.

All in all the semester break was rather quiet for C & S but we expect that to pick up.

Education (Public Affairs) Office Bearer Report for Students' Council

Education Conference 2009

I went along to Sydney in July for the Education Conference along with other activists to talk about this year's campaigns. It was great to speak with a number of Queer officers from around the country about the National Union of Students Queer Office's campaign for same-sex marriage rights. The conference voted to throw the National Union of Students' whole weight behind the campaign, with the President David Barrow putting out a press release endorsing the Greens bill supporting equal marriage rights that's been tabled in parliament.

It was also fantastic to see the National Union playing more of a leading role in taking up international students' issues, in light of the increasing number of violent attacks on Indian and other international students. In particular, the conference discussed transport concession card rights and the inequality that is instituted in Victorian and New South Wales legislation, which denies international students the basic right of concession cards.

Same-sex Marriage Campaign

In the leadup to the same-sex marriage demonstration, which took place on 1st August just a few weeks ago, I helped organise and hold a speak out on campus for equal marriage rights for lesbian and gay couples on Monday 27th July. We got a good reception and it gave us a great opportunity to raise the issue with concerned students, who have been marginalised by the Rudd Labor Government and their maintenance of the Ban on same-sex marriage.

The months of campaigning and petitioning on campus for same-sex marriage rights paid off on August 1st demonstration at Federation Square, with 4-5,000 people attending. It was a great step forward for the campaign, with many young queers and activists from high school and uni campuses attending the largest demonstration for equal rights for same-sex couples in years. The date was significant as it was the last day of the ALP's national conference where they were deciding the range of policies, and it was an absolute crime to hear their that they will not be repealing the ban on gay marriage. The campaign is far from over and I look forward to building further demonstrations until this unjust ban is removed.

Students for Palestine

Students for Palestine had a successful barbeque in second week and helped involve new students who want to campaign for Palestinian rights. We are also planning for a Palestinian cultural celebration evening as part of the MUDFest Club on August 18, happening down at Open Stage. This will include traditional poetry, dance, music, and first hand accounts of Al Nakba, the events of 1948 when Israel was created on the back of terror and genocide. We are also hoping to perform Seven Jewish Children. We are also helping to build for the Justice for Palestine rally on September 25th.

Concession cards

The concession cards campaign has been continuing, and just last Monday I went along with the Concession Card Coalition down to the opening of the Couch, which was set up by the Salvation Army to offer a safe space for international students in light of the recent

Education (Public Affairs) report for Students council Friday 14th August

spate of attacks. It was a great chance to meet a whole range of students who are concerned about their safety and are rightly pissed off with the Government's instituted inequality. We have been building up to the demonstration happening on 2nd September at the State Library at 2pm. With the Victorian Premier John Brumby heading over to India in September to try and save face, it is important, now more than ever, that all activists get behind the demand for public transport concession cards for all.

Staff cuts at Melbourne University

Melbourne University Administration has recently announced that they will be cutting at least 220 jobs, across the board, which will only further entrench the abysmal state our education is in at this institution. The Arts faculty in particular will be severely affected, as they have already seen massive cuts to their faculty. I went along to the NTEU meeting that took place last Tuesday to discuss the University's announcement, and was pleased to see around 200 staff members pack the PLT, the vast majority arguing for a serious fight against the uni through strikes. Tuesday this week the NTEU are having a 4-hour work stoppage from 1pm, with a meeting followed by a demonstration outside the university admin building. There will be follow-up actions and strikes, with a protest at the Open Day this Sunday, and at least two more strikes in September.

Welfare Report (Tristan Clack)

Semester break was a busy time in the welfare office as many meetings, negotiations and much progress was made under the following headlines

Concession cards

After meeting with the Department of Transport (DoT), I was able to demonstrate a need to issue concession cards to international students of whom were experiencing financial distress. This was done through comparing the minimum entry requirements to gain a study visa and comparing them to the Henderson poverty line.

Comparisons Between Visa Financial Requirements and the Henderson Poverty Line (HPL) in Relation to Family Size¹

Family Size	HPL1 – Head in Workforce (including housing costs)	HPL 2 - Head not in workforce (including housing costs)	Living costs required for visa applications	Difference between HPL2 and required living costs
Single	\$330.77	\$268.21	\$230.76	\$37.45
Couple	\$442.48	\$379.92	\$311.54	\$68.38
Couple + 1 child	\$531.89	\$469.32	\$357.69	\$111.63
Couple + 2 children	\$621.29	\$558.73	\$392.31	\$166.42

Since international students are not means tested as they enter Australia it is difficult to get a figure on and identify the students that fall below the poverty line as only a minimum benchmark is needed to be met in order to enter the country. Issuing concession cards to this group would significantly bring them closer to the poverty line for a relatively low administration cost by effectively halving their travel costs. As a result of these talks the DoT spokesperson changed their position on concession cards for international students from

"Full fee paying international students are not eligible for Medicare, Centrelink benefits, rental assistance or most other taxpayer-subsidised social services; the Victorian Government's policy on public transport concession discounts is consistent with this approach."

TO

"Public transport concession fares are not offered across the board to international students, because there is currently no mechanism to effectively means test this group and thus offer discounted fares to those students who need it most. The same approach applies to many other

¹ http://www.isana.org.au/images/file/weds_c1_forbes-mewett.pdf

benefits such as health care cards. However, we are open to dialogue with student groups regarding suggestions on possible ways to improve fare policy in this area."

The notion of issuing concession cards for all international students which I support in principal was explored. However it was deemed not viable as the State government is currently unable to cover the cost of the program. It would cost an extra \$20 - \$30 million² (as expressed in the parliamentary hansard surrounding the *Public Transport Amendment Act 2007*) each year to cover the lost revenue and provide the extra services needed to cover the increased usage. At present, there are other projects concerning public transport that have a higher priority

From here I will, with the assistance of other policy writers, co-author a policy submission to the DoT for consideration on the issue of concession cards to international students via a means testing mechanism.

Also of note the topic of issuing blanket concession cards to post-graduate students was discussed and the DoT had the following to say on the subject:

"No, concession cards for postgraduate students are not being considered. This issue was considered in 2005 which resulted in the State Government giving public transport concession for all health care card holders. This policy was designed to address the fact that postgraduate students on low-incomes were not previously entitled to transport concessions."

For further clarity to be eligible for a health care card the following financial requirements must be met:

Maximum gross income to qualify for a Health Care Card³

Your [income](#) must be below the limit that applies to you for the 8 week period for you to be eligible for a Low Income Health Care Card.

STI/Sex Ed Campaign

After meeting with the Director for Wellbeing Services and the campus health promotions nurse in regards to the ongoing campaign of STI awareness, it was decided as part of this campaign to re-introduce condom vending machines to the campus. Condom vending machines have been systematically removed during renovations. This is a move to help combat increasing rates of STI's, especially Chlamydia, inline with a new federal health campaign which can be found at www.sti.health.gov.au . Despite offering free condoms through the welfare office, health service and the Melbourne Sexual Health Centre on Swanston street, it was found that this was not enough and in some cases not appropriate as it did not deal well with the issues of anonymity, spontaneity and stigma of using (or seen to be using) contraceptives and having it known that the student is sexually active. Vending machines, despite adding a small cost, deal with a lot of the aforementioned issues.

Since the university had no policy regarding the issue it was decided by the director for wellbeing services that the health promotions nurse and myself would co-author a condom vending machine policy so that it can be rolled out across the campus. This policy will cover but not limited to: -

- Identification of locations for condom vending machines
- Cultural/social impact of condom vending machines
- Impact to sexually transmitted infection rates
- Means to overcome issues to stigma with contraceptive use
- Means to overcome anonymity concerns regarding the acquisition of contraceptives
- Means to accommodate spontaneity and sexual activity

This condom vending machine policy will be designed to fit in with the “Formative Research for the National Sexually Transmitted Infections (including HIV/AIDS) Prevention Program⁴” (February 2008) and the final “Quantitative Research Report Measuring awareness and attitudes among young Australians towards STI's, including HIV/AIDS⁵” (April 15th 2009). The aforementioned document listed the following as the greatest barriers to safe sex: -

- Social factors
- Own identity, self esteem
- Ability to negotiate condom use
- Awareness, perceived personal susceptibility and risk of HIV/STI's
- Awareness, knowledge of HIV/STI's and transmission

- Awareness and attitudes towards testing and previous experience of testing
- Attitudes towards the use of condoms
- Attitudes towards sex and sexual gratification
- For some, the cost of condoms

With these factors in mind we will produce a policy which will aim to overcome some of them as part of an integrated effort to reduce the impact of STI's amongst the student community and spread the practice of safe sex.

In addition the following documents are being incorporated into the policy to ensure that the document is culturally sensitive and to fill gaps in information which aren't covered by the above two reports scope.

Welfare Report for Students Council on 31st March

Frances Lewis

I continue to liaise with reps from the Youth Disability Advocacy Service around attendant carer funding and am investigating what further I can do to raise awareness of the issue. It is appalling that students with physical disabilities requiring a fulltime carer are denied funding for the carer, meaning they are denied access to university unless they can pay for the carer themselves.

I also have been liaising with the GSA and MUOSS around concession card campaign which is going really well. This is vital as more reports come out of the discrimination and harassment (including physical assault) of international students, the high cost of public transport just being one aspect.

I attended the National Union of Students National Day of Action. It was an absolute farce; outside people from both sides of the Labor Party, there was basically no one. It is hardly surprising given that all we have heard from Labor Students is support for Rudd. It is dishonest to say you are running a campaign to scrap VSU when you have been campaigning *for* Rudds new Services Fee, which as we know will go straight to the University Admin and has no guarantees that student bodies will see any of it or that it can be used for political campaigns to represent students interests. This is a fee that represents a continuation of political VSU and the political silencing of students. Maybe if the Labor students weren't so interested in their careers and getting a cushy office job in a MPs office, they might actually run a critical campaign that forces the government to improve the living standards of students.

I also continue to be involved in the Students for Palestine collective, with Palestine Solidarity Week looking to be real success. However there appear to be students here in the Student Union with no union principles who support the slaughter of Palestinians, with my committees decision to fund a BBQ and PA system for the week being appealed. It is thoroughly undemocratic that a minority can block a decision made by a democratically elected body. It is also preventing me from following my job requirements of tackling racism. In the current climate celebrating Arabic culture is a vital way to show the relevance of the union to students who have generally not seen the point of the union. The Welfare Department is NOT a service provider but a campaign body to campaign around racism, discrimination and to promote diversity and tolerance.

Recommendation 1:

UMSU recognises that students with physical disabilities requiring a full-time attendant carer receive federal funding for such a carer during school. UMSU also recognises that these students stop receiving this funding when entering tertiary education, and that this is a major barrier to these students attending university and gaining tertiary qualifications. Therefore UMSU calls on the Rudd Government to provide funding for attendant carers for students undertaking any kind of tertiary study.

Recommendation 2:

1. UMSU recognizes that many students work long hours on top of their study in order to make ends meet. UMSU therefore condemns the proposed HECS HELP volunteer scheme, as it will only benefit wealthier students and not those who need the HECS fee reduction.
2. UMSU recognises that the Bradley Review does not go far enough to tackle student poverty. It also recognizes that a voucher system, where funding follows students not institutions, will prevent already underfunded universities from receiving crucial resources. UMSU condemns the governments implementation of a deregulated, demand-driven funding scheme. UMSU also calls on the government to
 - a. Lower the age of independence to 18
 - b. Increase the Youth Allowance and Austudy payments to at least match the Henderson Poverty Line of \$370 a week.
 - c. Tie Rent Assistance payments to the CPI index.

Students Council Meeting 22 April Welfare OB Report [Frances Lewis]

Firstly, the concession card Day of Action, to demand travel concessions for international and postgraduate students is next Wednesday, 29th April. I think it is vital that everyone comes along to show their support. I have been liaising with the president of the GSA and MUOSS to make sure this is as successful as possible, and have been staffing information stalls collecting petitions and letting people know about Wednesday's action. There is also going to be a forum on the issue, with some state government officials agreeing to come and speak, it will be a great opportunity to grill them as to why precisely they deny travel concessions to such a large section of the student population.

I am also trying to get a campaign around Attendant Carer funding for tertiary students started. I think it outrageous that students miss out on higher education because they don't receive funding for a carer, without whom they cannot physically attend classes or study. Therefore I have the recommendation below, but also a attempting to spread a survey being undertaken by YouthLaw, alongside YDAS (Youth Disability Advocacy Service), to determine the full effect of this on students.

I also continue to be involved in Students for Palestine, with our hugely successful Palestine Solidarity Week last month. Countless people came to look at the exhibition, outlining the history of the creation of Israel on Palestinian land and the frequent massacres and atrocities committed by Israel against the Palestinians and their neighbours such as Lebanon. The music, the shisha pipe and the halal barbeque created a real atmosphere. It was wonderful to see the Melbourne University Islamic Society (UMIS) host a stall at the event.. The event showed to students involved in UMIS that the union does not buy into the stereotyping of Muslims prevalent in the media. Given the On Wednesday 180 people turned up to hear Antony Loewenstein speak. A prominent Jewish critic of Israel, he spoke on the need for more Jewish people to feel confident to oppose Israel's actions, and how there is nothing anti-Semitic about criticising Israel's military attacks on innocent civilians. The week finished with the Feast, attended by over 300 people, who enjoyed amazing home-cooked middle eastern food, a live oud performance (a traditional middle eastern instrument) and comedy from one of the "Salam Café" crew. It was great to have so many people celebrating a culture that is being destroyed and denigrated on a daily basis. It is outrageous that people in the union are still attempting to block funding for such a cultural awareness event, particularly when as Welfare Officer my job involves tackling racism. Perhaps I should only concern myself with white, English speaking students and ignore the vast number of Muslim and Arab students on campus who suffer racism, discrimination and harassment here on campus and around the city.

Recommendation 1:

UMSU recognises that students with physical disabilities requiring a full-time attendant carer receive federal funding for such a carer during primary and secondary school. UMSU also recognises that these students stop receiving this funding when entering

tertiary education, and that this is a major barrier to these students attending university and gaining tertiary qualifications. Therefore UMSU calls on the Rudd Government to provide funding for attendant carers for students undertaking any kind of tertiary study.

Recommendation 2:

Welfare report – 1st June 2009
Tristan Clack

I have now reached the mid-point of my term as welfare officer and the following is a list of recent activities

- Meetings continue with University officials and other interested parties concerning affordable and accessible student housing. There was also a forum (which I attended) called *Transnational and Temporary: students, community, and place-making in central Melbourne*, which was hosted by the Melbourne city council and many ideas were expressed concerning housing and the improvements that are needed not only to affordability but better integration between local and international students which involves everything from better apartment design to facilitate improved communal living through to breaking down the administrative divide between the two groups as in most institutions they are treated separately
- Sexual health campaigns still continue as this is an issue that won't go away. Through consultation with interested parties the campaign will be taken into second semester by postering known "hotspots", articles in student journals as well as advocating for more condom vending machines around campus. Plus the continuing sexual health awareness days where information and contraceptives are distributed using anonymous bags, as these methods have been proven to be effective as a means of getting the message across and do not cost the welfare department a single cent to operate
- Welfare committee has been consistently inquorate since my last report and as such no money has been approved or spent.
- Concession cards for all students campaign is continuing with events that are currently being planned for next semester. These include but not limited to badge making and having stalls to distribute them; a forum where students can come and ask questions directly to public officials (this event is subject to government personnel availability).

I will be continuing to work vigorously through the winter break by working together with housing associations, DHS and the university on affordable housing solutions; advocating for more sexual health promotions and continuing the good fight for concession cards for all students.

Welfare Report for Students Council, 3 June 2009

Over the weekend I attended the demonstration called by the Federation of Indian Students Australia to protest the recent violent racist attacks on Indian students. Upwards of 5000 Indian students came out to protest against the attacks. Their anger was mainly at the police, and the fact they are denying that these attacks are racist, and have actually blamed the victims. They suggest that students should just not draw attention to themselves, and that the problem is they make themselves targets by talking loudly in their native language and carrying luxury items like laptops, iPods and mobile phones. This really is a disgusting, racist, response, and it is great to see the clear rejection of this.

It is no surprise that these attacks have been happening given the way international students are treated. They are treated as cash cows by the universities and the government. The response of Universities Australia was that the attacks were terrible because it would impact on the international student market as it would turn students off from coming to Australia. It was good to see there was a lot of anger about this at the demo, with lots of speeches and placards stating how much money they bring to Australia, and about how Universities are happy to take their fees but don't care about their welfare, and how the government as well. For example, "I pay tax, I pay fees, I get stabbed... in Australia." And the protestor's anger towards the police proved justified as police moved in and brutally attacked the protestors, leaving several hospitalised.

I have been attempting to get in touch with MUOSS and the Melbourne University Indian Club to organise a forum and to discuss other ways that the Student Union, and particularly the Welfare Department, should respond. I think it is also now even more important the student union force the government to address some of the material inequalities that International students face such as lack of concession cards, manipulation and exploitation by housing agents and employers, and manipulation by universities and colleges. These factors combined mean students face poverty, are forced to live in outer suburbs with unsafe train stations as there is no affordable and liveable student housing close to universities, and made to feel as if they are less important and less worthy than other students.

I also staffed the NTEU picket line as staff struck to demand better working conditions and better pay. It was outrageous to see Office Bearers of the student union cross the picket line. It seems that some people clearly have no idea what unionism is, and do not understand the basic principle of showing solidarity and supporting strikes. Supporting a strike does not involve just saying you support it, but means respecting a picket line and not undermining a strike.

Platform:

International students, especially Indian students, are increasingly victims of racist attacks. Students have been beaten unconscious on trains, and others stabbed in the chest and head with screwdrivers by racists who gatecrashed a party. At least two have died of their injuries. These were clearly racially motivated, yet the Victorian Police have claimed they were not racist attacks, and have instead blamed the victims, saying they should just not draw attention to themselves and not travel on trains late at night. This is a reprehensible and racist response that lets the attackers off the hook. Similarly, the state government has refused to act on the issue, and refused to address the material inequalities that international students face, such as lack of concession cards, manipulation and exploitation by housing agents and employers, and manipulation by universities and colleges. Even the National Union of Students president David Barrow said that Australia is not a racist country and dismissed that the attacks were racist.

It was inspiring to see over 5000 students protest on Sunday against these attacks, with their anger targeted at the police and their dismissive attitude towards the attack. They were also angry about the way the government and universities purely use them as an easy way to make money, taking their money without any concern for their welfare. It is therefore vital that the Student Union stands with Indian students as they demand to be heard and to be treated with respect.

Motion

The University of Melbourne Student Union strongly condemns the racist attacks on Indian Students. We also condemn the appalling response by the Victorian Police to the attacks in denying the racist nature of the attacks and blaming the victims. We call on the government to provide:

- adequate funding for support services for international students. This includes housing and employment services, counselling, translation etc.
- affordable and liveable housing for students near universities so they are not forced to live in the outer suburbs
- increased staff at train stations and on trains, and increased lighting and surveillance cameras
- Transport concession cards for all international students

Welfare OB Report, Frances Lewis
10/08/09

Second Semester is getting under way for the Welfare Department!

I have been talking with people from the Youth Disability Advocacy Service regarding attendant carer funding. There is interest for a protest, perhaps even a stunt action to highlight what it actually means to have a disability and be without an attendant carer.

I continue to be involved in the campaign for concession cards for all students, with the demonstration coming up on 2nd September. After the huge outburst of anger by Indian students at the racist way they are treated here, the state government is under a lot more pressure around the issue of travel concessions. It was a demand raised at the demonstration itself, and it would go a long way to relieving the very real material inequality that international students face. The Indian consul in Sydney even raised it as a demand on the sbs panel show 'Insight.'

Also, to coincide with Mental Health Week on October 4 -10, a repeat of last semester's successful Mental Health stall will go ahead, to raise awareness and provide information on where to get assistance. I see it as vital to break down stereotypes and assumptions surrounding mental health, so creating a space where people can talk freely, and letting people know its ok to seek help, is incredibly important.

I am also still involved in Students for Palestine. We had a successful barbeque in second week and have a whole new layer of people we have just met who want to campaign for Palestinian rights. We are planning for a Palestinian cultural celebration evening as part of the MUDFest Club on August 18. This will include traditional poetry, dance, music, and first hand accounts of Al Nakba, the events of 1948 when Israel was created on the back of terror and genocide. We are also hoping to perform Seven Jewish Children. We are also helping to build for the Justice for Palestine rally on September 25th.

OB Report – 28 7 2009

Wom*n's Committee

- The meeting scheduled for the 22nd of July has been postponed due to the absence of most committee members and thus the impossibility of achieving quorum.

Finance Sub-Committee Report

Minutes of recent Finance Sub-Committee meetings are attached for the information of Students' Council.

Pertinent to the proceedings of Students' Council, Finance Sub-Committee has recommended changes to Students' Council.

The summary of changes is as follows:

1. To attach the grant application form as an appendix to the regulations.
2. To require that the applicant be a Member and where the recipient of the grant is a Student, that they also be a Member.
3. Modification of rule 5.1.1. to align Finance Sub-Committee regulations with actual practice. This year FSC has acted primarily as a funds approval mechanism for the Media Department due to the long waiting times on reports with recommendations. Regulations appear to restrict it, but it does not appear that this is the intention of the regulations.
4. To require increased levels of accountability in the recording of the reasons behind decisions in the minutes, with references to the points in 10.6 – note that the points do not have to be addressed in detail.
5. To move the rule exempting Clubs & Societies from rule 10 to rule 2, since this rule refers to rule 10 (including itself).
6. Housekeeping – correction of typo, replacing references to Office Manager with Senior Staff Member. Two options are here provided: To use Senior Staff Member alone or to define the Senior Staff Member as the Office Manager. Students' Council may select which option when considering the changes.

Due to the required notice period, Students' Council cannot adopt the changes at meeting 16/09.

Recommendation: Students' Council provisionally approves the amendments, which are to appear in Matters Arising from the Minutes at the next meeting for final approval.
