

Casual Employment Opportunity

AVMelbourne currently have a casual employment opportunity for an experienced AV Technician*.

The position includes casual work in the areas of:

- sound,
- lighting,
- staging,
- projection and
- power distribution.

We are seeking a technician with solid experience in audio setups, digital mixing and wireless (RF) equipment. The successful candidate will have excellent communication skills and presentation with the ability to professionally and confidently represent AVMelbourne in high profile, client facing scenarios on-site (such as panel sessions).

As a casual AV Technician, you will also be expected to carry out work involving some heavy lifting, pushing of roadcases, cable runs/packdowns and loading/unloading vans, which is undertaken in accordance with our standard operating procedures and occupational health and safety legislation.

Mandatory requirements:

- at least three years' industry experience
- solid understanding of audio signal flow
- proven ability to operate digital mixing consoles and wireless (RF) equipment
- availability to work primarily on weekdays/nights
- a current drivers licence (with no major violations for the past five years – as per our car hire company policy)
- a valid WWCC (Working With Children Check) or able to apply for a WWCC if successful

Applications close at 5:00pm on Friday 3 August 2018.

If you are interested, would like to make an application, or have any questions, please email with your CV to:
