

Casual Employment Opportunities

AVMelbourne are seeking experienced AV Technicians for casual employment opportunities in 2019.

The positions include casual work in the areas of:

- sound,
- lighting,
- staging and
- video systems.

We are primarily seeking technicians with solid experience in audio setups, digital mixing and wireless (RF) equipment. The successful candidates will also have excellent communication skills and presentation with the ability to professionally and confidently represent AVMelbourne in high profile, client facing scenarios on-site at events.

As a casual AV Technician, you will also be expected to carry out work involving some heavy lifting, pushing of roadcases, cable runs/packdowns and loading/unloading vans, which is undertaken in accordance with our standard operating procedures and occupational health and safety legislation.

Mandatory requirements:

- at least three years' industry experience
- solid understanding of audio signal flow
- proven ability to operate digital mixing consoles and wireless (RF) equipment
- basic networking/IP skills
- thorough knowledge of MS Office (including Power Point)
- availability to work primarily on weekdays/nights
- a current drivers licence (with no major violations for the past five years – as per our car hire company policy)
- a valid WWCC (Working With Children Check) or able to apply for a WWCC if successful

Applications close at 5:00pm on Friday 1 February 2019.

If you are interested, would like to make an application, or have any questions, please email with your CV to:

Xain Milke
AVMelbourne Coordinator
x.milke@union.unimelb.edu.au

Please note:

- *Only successful applicants for interview will be contacted after Feb 1 2019*
- *Previous applicants need not apply*
